COURIER PERFORM®

360-Degree Visibility for Superior Delivery Performance

Couriers across the globe are looking for ways to improve the efficiency and productivity of their operations to cut costs, reduce lost or late shipments and retain customers in this extremely competitive industry.

Courier Perform® automates your processes and ensures you have real-time visibility, tracking and management of the “who, what, where, when and why” of your delivery operations. This enables you to better serve your customers and reduce the time and cost associated with doing it — critical factors for the long-term success of your business and the ability to maintain strong customer relationships.

With 360-degree visibility into your operations, your drivers will be accountable, on-time and mistake-free. Additionally, Courier Perform® provides real-time, electronic proof of compliance with your Service Level Agreements.

Courier Perform® is intuitive and easy-to-use. This means your employees are up and running in weeks — resulting in a rapid ROI for your business.

Courier Customers

“ What used to take hours now takes minutes. Through ‘traceability’ alone we’re saving millions of dollars a year.”
